Straight Path Communications Announces Completion of Merger with Verizon

BusinessWire Full Article

On February 28th, Straight Path Communications announced that it had completed its merger with Verizon, and will continue operations as a direct, wholly-owned subsidiary of Verizon. Straight Path holds an extensive portfolio of 39 GHz and 28 GHz wireless spectrum licenses, and is developing next generation wireless technology through Straight Path Ventures.

Digi International Acquires Accelerated Concepts, Inc.

Digi International Full Article

On January 22nd, Digi, a leading global provider of Internet of Things (IoT) connectivity products, acquired Accelerated Concepts, a provider of secure, enterprise-grade, cellular (LTE) networking equipment for primary and backup connectivity applications. The acquisition of Accelerated significantly enhances Digi's existing cellular product lines and immediately extends the company's market reach with a line of commercial routers and network appliance products.

McAfee Acquires VPN Company TunnelBear

TechCrunch Full Article

On March 8th, security giant McAfee acquired TunnelBear, a Canadian VPN service provider with desktop and mobile applications. McAfee plans to integrate TunnelBear's technologies into its own VPN product, SafeConnect. This marks McAfee's second acquisition since being spun out of Intel in early 2017.

Telecom & Communications M&A Environment

^{*}For the purposes of compiling data, we define constituents in the Telecom & Communications sector as companies that provide telecommunications services along with companies that manufacture related communications equipment.

While largely mirroring the S&P 500, the Industrials market has been steady from an M&A and valuation perspective. Despite the February 2018 market correction, industry valuations remain near all time highs. Although M&A is off to a slower start in 2018 than in recent years, a robust deal pipeline buoyed by recent tax reforms suggests that 2018 will be another strong year for M&A.

About Mirus

Mirus' Industrial team has experience working with owners of growth industrial businesses and distressed industrials, executing corporate carve-outs, strategic sales and leveraged buy-outs. Much of our work is with closely-held companies – niche leaders who have the industry leading solution in a sub \$200 million market. The companies often have strategic value to large corporations serving the broader market - acquirers who can integrate a product line into their portfolio. For larger industrial companies, Mirus has advised buyers and sellers on M&A, including leveraged buy-outs, and has executed corporate divestitures and restructurings.

Alan Fullerton and Andrew Crain are the leaders of our Industrial team. Alan and Andrew have decades of experience advising companies in the Industrial space. They have a demonstrated record of managing and closing dozens of engagements with companies in the industry. Alan has been nationally recognized by M&A Advisor as a sector finalist across multiple industries and has an MBA from Ecole des Ponts (France), an MS in Electrical Engineering from Brown University, and a BS in Mechanical Engineering from MIT. Andrew began his career as an attorney at Foley Hoag LLP and has prior experience as a fifth-generation family business owner and CEO. Andrew graduated from Williams College and the University of Michigan Law School.

Mirus Industrial Spotlight

AIC is a leading specialty chemical and ingredients distributor based in Framingham, Massachusetts. LeBaronBrown is a private investment firm with a multi-decade orientation and a strategy to bring capital and resources to company management teams to enable growth over a multi-decade period. AIC joins Charkit Chemical Company LLC, acquired in June of 2017, under the same parent company. This transaction positions AIC for long-term, continued growth, building upon the success of its dedicated team.

MagneMotion is a provider of intelligent transport systems based on patent protected linear synchronous motor (LSM) technology. Rockwell Automation Inc. (NYSE: ROK), the world's largest company dedicated to industrial automation and information, makes its customers more productive and the world more sustainable. The acquisition of MagneMotion expands Rockwell Automation's independent cart technology and complements its acquisitions of iTRAK Technology and Jacobs Automation.

FleetLogix provides outsourced labor to rental car agencies across the U.S.. The company uses a proprietary technology platform to track and analyze performance at each site, to ensure quality and efficiency in its service delivery, and to provide data and metrics to its managers and its clients. Striker Partners is a private, family-based investment firm formed to make majority equity investments in profitable and growing businesses. Striker Partners brings technology expertise to the company and represents a great cultural fit.

Newcan supplies components to the automotive and trucking industries and is a leader in manufacturing precision metal stampings and perforated components. Falls Stamping & Welding is located in Cuyahoga Falls, Ohio and operates in the metal parts industry. Falls Stamping is recognized for the breadth of manufacturing capabilities. The acquisition of Newcan expands the company's offerings.

Spire Corporation (Nasdaq: SPIR), a leading technology and equipment supplier to the solar photovoltaic (PV) industry located in Bedford, Massachusetts, sold its sun simulator business, a supplier of critical tools for both PV module production lines and testing/certification laboratories, in a cross border transaction to Eternal Sun, a company based in The Hague, the Netherlands that specializes in solar simulation technology for the purpose of product and material testing.
